

FOR IMMEDIATE RELEASE

June 26, 2025

WILEY TO ATTEND 2025 ALA CONFERENCE: REIMAGINING THE FUTURE TOGETHER

Wiley is excited to announce its participation in the 2025 ALA Conference, a pivotal event for the publishing industry. At the Wiley booth #1305, attendees can meet with their account managers, discover valuable partner insights, and explore ways to navigate the evolving world of publishing, together.

Engage with Wiley:

- Ask the Hard-Hitting Questions: What have you always wanted to ask a publisher? Stop by the Wiley booth to ask us your questions and win prizes!
- Discover What's New for your Library: We are excited to introduce the latest solutions in our growing portfolio:
 - *Advanced eText Collections, Medicine:* Our new collection offers an affordable way to upgrade student learning across 40+ subject areas.
 - *ISPE Guidelines:* In partnership with the International Society for Pharmaceutical Engineering, we offer institutional access to ISPE Guidance Documents, essential for students and researchers in life sciences and pharmacology.
 - *New Online Reference Works on Wiley Online Library:* With over 250 reference works and more on the way, our Online Reference Works are a tremendous source of facts, figures, and data for students, lecturers, and researchers.

- Meet with Your Wiley Account Manager: Have questions about your Wiley holdings, want to hear what's new, or just book some time to catch up? We're here for you!

Discover More:

- Case Study: Wiley's Usage-Based Collection Management Model (UBCM) has helped several academic institutions in the United States optimize collections, manage budgets, and meet the needs of their campuses and communities. Explore the insights [here](#).
- Blog: Is allergy season getting worse each year? Wiley research indicates that climate change is to blame for higher pollen counts, longer allergy seasons, and intensified weather events. Read more [here](#).
- Announcement: Wiley is proud to be Perplexity's first education partner. This collaboration brings trusted educational content into their AI search platform, opening new ways for students, educators, and researchers to access reliable resources through responsible AI. Learn more [here](#).
